ACADEMY

[WWW.LONDONRA.COM](http://WWW.LONDONRA.COM)

## Course Introduction

This 5-day intensive course equips healthcare professionals with the knowledge and skills necessary to optimize operational efficiency, enhance patient care, and improve overall organizational performance within healthcare facilities. Participants will explore best practices in healthcare operations management, including process improvement, resource optimization, patient flow management, and quality improvement initiatives.

## Training Method

- Pre-assessment
  - Live group instruction
  - Use of real-world examples, case studies and exercises
  - Interactive participation and discussion
  - Power point presentation, LCD and flip chart
  - Group activities and tests
  - Each participant receives a binder containing a copy of the presentation
  - slides and handouts
  - Post-assessment
- 

## Course Objectives

Upon successful completion of this course, participants will be able to:

- Understand the key principles of healthcare operations management and their impact on patient care.
- Analyze and optimize operational workflows and processes within healthcare facilities.
- Develop and implement strategies for improving patient flow and reducing wait times.
- Effectively manage resources, including staff, equipment, and supplies.
- Enhance patient safety and quality of care through operational excellence.
- Apply lean principles and other process improvement methodologies to healthcare settings.
- Utilize data analytics and performance metrics to monitor and improve operational performance.
- Lead and motivate teams to achieve operational excellence.
